- > We seek to comply with our client's regulations and code of conduct;
- > We guarantee our clients a socially and environmentally responsible manufacturing process.

3.3 Suppliers

Belcinto conduct responsibilities with Suppliers

- > We develop a relationship based on trust and mutual respect with our suppliers;
- > We select our suppliers based on their ability to meet our needs, without granting favoritism, namely regarding the quality and safety of the contracted product / service.
- > We seek to work with suppliers who share our values and ethical principles;
- > We comply to monitor the ethical conduct of our suppliers and taking immediate and rigorous action if their ethical conduct is questionable.
- > We commit ourselves to honor the commitments assumed with the suppliers and establish partnerships which aim at mutual benefit and, whenever relevant, longstanding.

Suppliers conduct responsibilities with Belcinto

Concerning the working conditions and labour norms, Belcinto expects its suppliers to comply with the applicable legislation and regulations, with their sources of reference being the universal declaration of human rights, the global pact of united nations and the conventions of the international organisation of labour.

- Prohibition of child labor: within the scope of their activities, suppliers they must guarantee the absence of child labor practices;
- > Prohibition of forced labor: Suppliers assume the obligation not to hire individuals against their own will or force someone to work;
- > Prohibition of all types of harassment: Suppliers assume the obligation to prohibit all types of harassment, whether psychological, verbal or sexual;
- > Freedom of association: Our suppliers must promote in their freedom of expression and the right to association for their employees, namely freedom of association and the free process of selection of worker's representatives.
- > Health and safety: In their role as employers, suppliers must ensure working conditions and safety at work, in accordance with the national legislation, as well as promoting continuous improvement in work conditions.

Business Ethics

> Anti-corruption: Regarding the entire commercial transaction with Belcinto, suppliers assume the obligation not to comply with practices that punishable by law. Otherwise, Belcinto has the right to abandon or immediately terminate all transactions with the supplier in issue, as well as cancel all negotiations with the same. No notwithstanding the aforementioned terms, suppliers assume the obligation to comply with all applicable legislation in relation to their own transactions and business relationship with Belcinto;

> **Prohibition of all types of discrimination:** Suppliers must prohibit all kinds of discrimination, whether in hiring, access to training or in the attribution of remuneration;

> Safety and quality: The products supplied and services provided must meet the quality criteria legally provided for and specified contractually, as well as they must be safe for the purposes for which intended.

> **Salary and benefits:** Our suppliers must pay regulated wages, as well as overtime at the legal rate imposed by the country of original manufacture and provide their workers with the benefits that the law currently requires. If there is no statutory minimum wage or overtime payment in the country of origin, the supplier must ensure that wages are at least equal to the minimum average in the industrial sector in question and that the overtime payment is at least equal to the usual amount of payment. Deductions from wages should not be made for disciplinary purposes.

> Working hours: In relation to working hours and overtime, employees our suppliers must comply with the limits established by the laws of the country manufacturing process.

> Confidentiality: suppliers must guarantee the confidentiality of their Business. The information they have access should only be used in interest of the company itself.

Environmental standards

General environmental responsibility: Belcinto seeks to act with responsibility in relation to the environment and is committed to following an environmental policy together with all its business partners, that is, suppliers;

> Environmental Protection: Suppliers must act in accordance with the principles precautionary measures, taking the initiative to ensure the promotion of greater environmental responsibility. They should also disclose their sustainability to their own suppliers from whom they must demand the fulfillment of the corresponding obligations;

> The existence of an environmental management system, possibly ISO 14001 or EMAS;

> Proper waste management, with special attention to waste hazardous emissions and emissions that cannot be dumped or discharged from illegal way;

> Employees whose work has a direct impact on the environment should be trained, competent and have the necessary resources to carry out their work.

Suppliers Manual

To convey these principles of ethics and conduct, Belcinto prepared a "Supplier Manual", which is delivered to our suppliers.

By accepting the rules contained in that manual, suppliers must comply with all guidelines, as well as fully transmit their content and ensure its full compliance, to its employees or third parties who resorted to the fulfillment and execution of the service and/or supply of goods, complying with the applicable laws and regulations. The rules of the manual will be without prejudice to other rules contained in other documents made available to the supplier and/or that the supplier becomes aware of during the performance of the contract and/or performance of services. In the case of conflict between the manual and the

contract for the provision of services and/or supply of goods between the supplier and Belcinto, the contract guidelines will prevail.

In case there is a violation of this code, by any supplier, Belcinto reserves the right to use the appropriate resources to cease such non-compliance, without prejudice to the corrective measures that may be required for the supplier.

3.4. Local Community

Belcinto conduct responsibilities with the Local Community

> We respect the community in which we operate and seek to contribute for its development through active participation in social projects and environmental aspects of the Community.

4. Responsibility of the Code of Conduct

Each employee at Belcinto should ensure compliance with this code of conduct, be obliged to inform his/her superior whenever he/she is aware of any violation of the code of conduct.

No one shall be punished for given, in good faith, information about a conduct contrary to this Code.

Final Notes

Belcinto is fully committed to operate accordingly to this code of conduct and is publicly disclosing it to all its stakeholders.

A copy of the Code of Ethics and Conduct is given to all employees who confirm its receipt by signing the Term of Commitment.

BELCINTO undertakes to periodically review its Code of Ethics and Conduct and change its content when changes or additional clarifications are required.
